

TORONTO SEATING INFO

Tickets are purchased for a specific seating section, not for specific seats. Seating begins 30-45 minutes prior to showtime. When you arrive at the theatre and check in, a house manager will assign you a seat based on your time of arrival and how many parties are expected for that performance. We suggest larger parties arrive early to ensure your group can be seated together. All seating is at the discretion of the house manager.

ALL SEATING AT THE SECOND CITY IS "CABARET-STYLE."

Since our beginnings as a small nightclub, The Second City has stayed true to our cabaret room roots. Seating is at small tables that face the stage. Expect to make some new friends!
