

Hello Second City Students!

Welcome to your class at our new interim Danforth location!

To continue our commitment to a safe environment conducive for learning, The Second City is requiring all students (and staff) in our Toronto building be fully vaccinated. This means you have received all applicable doses of your respective vaccine(s) + have completed the recommended 2 week waiting period after your final dose. This policy applies to everyone ages 5 and up.

Following updates to the provincial guidelines, as of Monday March 21st, 2022, masks are optional but strongly recommended.

While we're excited to take this next step, we still want to reinforce our commitment to safety with each other, so please do not attend class if you do not feel well. For the safety of all our employees and students, The Second City may send home any student who appears ill.

Please note these policies are subject to change at any time without notice.

Thank you for being a part of The Second City Training Centre - we are thrilled to see you soon!
